### THE 100TH ANNIVERSARY OF THE MONTHLY CATALOG

This year, 1995, marks the one hundredth year of publication for the *Monthly Catalog of United States Government Publications*. In the preface of the January 1895 issue the Superintendent of Documents, Francis A. Crandall, expressed the hope that it would be the "initial number . . . [in] . . . a long series of official Monthly Catalogues."

Over the years many changes have taken place. The Monthly Catalog originally was known as the Catalogue of Publications Issued by the Government of the United States. In April 1895 the name was changed to Catalogue of United States Public Documents. Other title changes occurred before the current title was selected in 1951. The organization of the January 1895 issue was somewhat similar to the current issues in that citations for publications within the catalog were grouped by the Federal organizations publishing them; however, this catalog did not include an overall arrangement by GPO classification number.

A dramatic change took place in 1976, when Anglo-American Cataloging Rules were first used to catalog publications appearing in the Monthly Catalog. Availability of the Monthly Catalog in electronic formats, first on tape and later in other formats, has enabled GPO to make information on Federal documents available to a greater number of people. Over the years the Monthly Catalog has been useful to the public, depository librarians, and to those in government. With the advent of the "information age," many changes in the way the Federal government provides information to its citizens have taken place. The need to inform citizens about their government will continue. We expect that the Monthly Catalog, in various media, will continue to function as a primary resource for identifying and locating information published by Federal agencies.

Those of us responsible for the *Monthly Catalog* are proud to be associated with this effort:

## **USERS' GUIDE**

### Catalog Arrangement and Indexes

The bibliographic entries in the *Monthly Catalog* are arranged in Superintendent of Documents classification number order. Each record is also assigned a unique catalog number, which consists of a two-digit prefix representing the catalog year, followed by a sequential number beginning with 1 in the first issue of each year. Within this arrangement, the publications of each Government author are further identified by the name and address of the issuing agency.

Catalog entries may be accessed by the following indexes:

Author index: An alphabetical list of personal authors, editors, co-authors, corporate authors, and conferences.

Title index: An alphabetical list of titles proper, subtitles, and alternate titles.

Subject index: An alphabetical list of subjects derived from the Library of Congress Subject Headings.

Series/Report index: An alphabetical listing of series statements and tracings, series numbers, and report numbers.

Contract number index: An alphanumeric list of contract, grant, and project numbers associated with technical report publications. Abridged cataloging records are not accessible by contract number.

Stock number index: An alphanumeric list of Superintendent of Documents and other sales stock numbers.

Title keyword index: An alphabetical list of truncated titles, arranged by important words selected from publication titles.

A margin index on the back cover locates the seven indexes. Listings in all of the indexes are followed by the catalog entry number, which refers the user to the complete bibliographic citation. Listings in the title and subject indexes are augmented with the publications' author and classification number to enhance identification and retrieval. Cumulative indexes are published semiannually, annually, and quinquennially, and in addition the indexes listed above, include a Classification number index for all the publications listed during the period of cumulation.

### Abbreviations

The abbreviations used in the bibliographic records in the catalog are those described in the Anglo-American Cataloguing Rules, 2nd ed., and the GPO Classification Manual: A Practical Guide to the Superintendent of Documents Classification System.

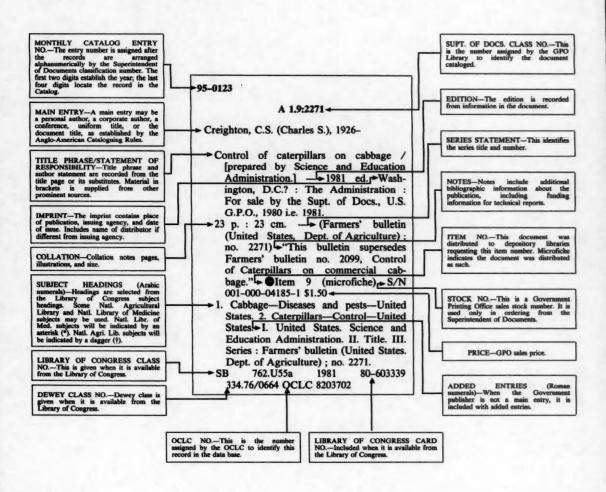

### List of Government Authors

This alphabetical list in the preliminary pages of each catalog locates the beginning of the sequence of entries of documents issued by a specific agency. The list is compiled each month and contains only Government authors of documents included in that *Monthly Catalog* issue.

### SAMPLE ENTRY

Monthly Catalog descriptive cataloging entries follow the precepts of the Anglo-American Cataloguing Rules, 2nd ed., 1988 revision, the Library of Congress Rule Interpretations, the GPO Cataloging Guidelines, and the several pertinent OCLC format documents. All name and series authorities are in AACR2 format, and are established through the Library of Congress National Coordinated Cataloging Operations Project (NACO). The subject headings used in the GPO cataloging are derived from the Library of Congress Subject Headings, 14th ed.

The following sample entry is an artificial, composite record, designed to illustrate the major features of a Monthly Catalog bibliographic citation.

# DOCUMENTS SALES INFORMATION

### INTRODUCTION

The Superintendent of Documents of the U.S. Government Printing Office is authorized by law to sell copies of Government publications. The Superintendent of Documents currently sells more than 14,000 titles, which are just a small portion of the publications issued each year by the Federal Government. Prices for all U.S. Government publications sold by the Superintendent of Documents are established in accordance with Title 44 of the United States Code.

### SOURCES OF INFORMATION ABOUT GPO SALES PUBLICATIONS

Publications Reference File—The GPO Sales Publications Reference File (PRF) is a catalog of all publications and subscription services currently for sale by the Superintendent of Documents. It is available in 48x microfiche and on machine-readable magnetic tape. The microfiche service consists of bimonthly mailings of the complete master file (approximately 175 to 225 fiche) and monthly mailings of a single fiche listing new sales publications. The magnetic tape service consists of biweekly mailings of the complete file. An annual subscription to the microfiche is \$115.00 (domestic) and \$143.75 (foreign). A subscription to the magnetic tapes is \$850.00 a year (domestic) or \$1,062.50 a year (foreign). To order either service, use the form in this catalog. Please enter the identifying letters PRF for the microfiche or GPRFT for the magnetic tapes in the ID column on the order form.

DIALOG and DIALORDER are computerized reference systems available from the DIALOG Information Service Inc. of Palo Alto, California. Information on all U.S. Government Printing Office sales items, subject bibliographies and catalogs listed on the Publications Reference File can be found through the DIALOG system. Subscribers to DIALOG can use it to determine if a publication is for sale by the Superintendent of Documents, if the item is in stock, and its stock number and current price.

An additional service, DIALORDER, is also available from DIALOG. Subscribers to DIALOG can place an order for publications with the U.S. Government Printing Office by computer at a special charge. For additional information on DIALOG/DIALORDER, please contact:

DIALOG Information Service, Inc. 3460 Hillview Ave. Palo Alto, CA 94304 Telephone: 800-3-DIALOG

The Out-of-Print GPO Sales Publications Reference File provides users with access to historical records for publications which were once available through the Sales Program. Two 6-year cumulations have been produced. The first was published in 1980 and is known as the Exhausted GPO Sales Publications Reference File (EPRF). It includes 25,000 items which went out-of-print at GPO between 1972 and 1978. The second, known as the Out-of-Print PRF (OPRF), was published in 1986. It contains 35,000 titles which went out-of-print between 1979 and 1984. The EPRF and the OPRF continue to be supplemented each year. Supplements are sold annually and will cumulate until a third 6-year set is available in 1992.

Copies of publications listed on the EPRF and the OPRF may be found in regional depository library collections. Copies of certain technical publications no longer sold by the Superintendent of Documents may be available from:

National Technical Information Service 5285 Port Royal Road Springfield, VA 22161

There are currently more than 230 Subject Bibliographies that list publications and subscriptions on a single subject or a specific field of interest. Each entry is listed by title and contains the GPO stock number and price. The bibliographies also provide a brief description of some of the publications and subscriptions listed, ordering information, and the date of imprint of a publication. The Superintendent of Documents has also prepared a Subject Bibliography Index to assist customers in selecting the subject bibliography that is most closely related to their needs. To obtain your free copy of the Subject Bibliography Index, please write to:

U.S. Government Printing Office Superintendent of Documents Stop: SSOP Washington, DC 20402-9328

United States Government Information is an annotated and illustrated catalog of almost 1,000 of the Government's new and popular books. Single copies are available free of charge and may be obtained by writing to:

FREE CATALOG Box 37000 Washington, DC 20013

The Consumer Information Catalog, a catalog of free and low-priced consumer publications, is published four times a year. Approximately 40 percent of these publications are issued free upon request. The General Services Administration's Consumer Information Center, which issues this catalog, maintains a mailing list for educators, libraries, consumer and non-profit groups wishing to receive 25 or more copies of this quarterly catalog. To obtain your copy of the catalog or to receive an application to be placed on the bulk mailing list, please write to:

Consumer Information Center Pueblo, Colorado 81009

U.S. Government Subscriptions (formerly known as Price List 36), is a quarterly catalog of all Superintendent of Documents subscription services. To obtain your copy, please write to:

U.S. Government Printing Office Superintendent of Documents Stop: SSOP Washington, DC 20402-9328

New Products from the U.S. Government is an unannotated bimonthly listing of all new titles entering the sales program in the two months preceding each issue. To be placed on the free mailing list, please write to:

### SUPERINTENDENT OF DOCUMENTS DEPOSIT ACCOUNTS

More than 30,000 customers find that a prepaid Superintendent of Documents deposit account is a convenient way to do business. Upon receipt of an initial deposit (\$50.00 minimum), an account will be established and a unique number will be assigned. Future purchases may be charged against the deposit account, including telephone orders, as long as sufficient funds are available in the account. Order blanks are provided and monthly statements are mailed to all customers with active deposit accounts. For more information and the necessary authorization forms, please write:

U.S. Government Printing Office Deposit Account Unit Stop: SSOR Washington, DC 20402

To telephone your request to set up a deposit account, please call (202) 512-0822.

### STANDING ORDER SERVICE

For your convenience, the Superintendent of Documents offer a "standing order" service for many of our recurring or series publications. With standing order service, customers can request to be placed on a specific standing order list and will receive publications on the list as soon as they become available. Customers may maintain a Superintendent of Documents deposit account, or have their VISA or MasterCard account charged for these publications. Please note, however, that our subscription services are not available on a "standing order" basis. To receive a publication on standing order, customers should submit GPO Form 3468, "Authorization for Standing Order Service." This form is available from the Superintendent of Documents at no charge. For more information on standing order service, please write to:

U.S. Government Printing Office Superintendent of Documents Stop: SSOP Washington, DC 20402-9328

### **OUANTITY AND BOOKDEALER DISCOUNTS**

Individuals are authorized a 25-percent discount for purchases of 100 or more copies of a single publication mailed to one address. Bookdealers buying for the purpose of resale will receive the same 25 percent discount, regardless of quantity, if the publications are mailed to their place of business. No discount is allowed on certain periodicals or groups of publications which fall into a special pricing category.

### INTERNATIONAL CUSTOMERS

In order to provide the special handling required by international mailing regulations, a surcharge of 25 percent of the domestic price must be added on all items shipped to a foreign address. Remittance in U.S. dollars should accompany every order and be in the form of a check drawn on a bank located in the U.S. or Canada, a VISA or MasterCard account, a UNESCO coupon, or an International Postal Money Order made payable to the Superintendent of Documents. NOTE: Due to Treasury Department regulations, we cannot accept checks drawn on Canadian banks for less than \$4.00 (U.S. dollars). If your order totals less than \$4.00 (U.S. dollars), we suggest that you use your VISA or MasterCard account. International customers may also charge their mail, telephone and telex orders to a Superintendent of Documents deposit account. Please include the expiration date of your credit card with your order. Orders are sent via surface mail unless otherwise requested.

Should you desire airmail service, please contact us in advance by letter, telephone (202) 512-1800, or Telex (710-822-9413; USGPO WSH) for the total cost of your order. Foreign currency, checks on foreign banks, and postage stamps will not be accepted. Please submit all orders in English.

## FEDERAL DEPOSITORY LIBRARY PROGRAM

The Federal Depository Library Program was established by Congress to provide free public access to Government publications. Nearly 1400 public, academic, State, and law libraries serve as an information link with the Federal Government by maintaining collections of Government publications. These collections, which are tailored to local needs, are open to the public. Fifty-three of the libraries are designated as regional depository libraries. They have the responsibility of retaining material permanently and providing inter-library loan and reference services in their regions. They also assist the other depository libraries with the disposal of obsolete material.

Copies of documents no longer available through the GPO Sales Program can usually be found in regional depository collections. A complete listing of regional depositories follows. To obtain a complete listing of all depository libraries, write to:
